MILLENIUM SERIES

ULTIMATE MILLENIUM 40

The Millennium 40 is the big brother of our freestanding gas log fire range. It not only looks good with its huge panoramic glass viewing window, but it also delivers one of the highest heat outputs of any freestanding gas log fire on the market today.

The Millennium 40 can be installed into almost any application for great effect. Its high efficiency heat exchanger combined with our exclusive Ultimate 3 speed fan distributes warmth throughout your home and will comfortably heat 10 to 15 squares.
